Peace Celebration and Panama Show May Be Combined

NEW YORK, Nov. 17.—The English government was requested today by a subcommittee of the American committee for the celebration of the one hundredth anniversary of peace among English speaking peoples, to reconsider its determination not to participate in the Panama-Pacific exposition in 1915. The request was sent through the British committee of the peace celebration.

A proposal to conclude in San Francisco the peace celebration has been approved by Charles C. Moore, president of the exposition. A telegram from Mr. Moore reads as follows:

"Suggest setting aside of week to be known as International Peace week. Suggest an international peace congress, an international peace pageant, the erection and dedication of an American-English peace monument and a great exhibit to illustrate internationalism. Should the celebration be concluded in San Francisco we can arrange for almost any week you would select."

The full committee will meet in Richmond, Va., December 3 and 4, according to announcement made today by the subcommittee.

Governor Mann of Virginia will preside at the first day's session and Andrew Carnegie on the second day. The Richmond conference will arrange for the celebration on special days of unbroken

peace between the United States and France, Germany, Norway, Sweden, Holland, Italy and other nations.

Women Who Threw Hammers at Judge Given Prison Terms

LONDON, Nov. 17.—Two bands of what Arthur Hopkins, the police magistrate, described as "raving women," appeared in the police courts of London today. They were charged with assault in connection with Saturday's outrage at the Old Bailey court, when hammers were thrown at Justice Lawrence, and with yesterday's disorders near Premier Asquith's official residence in Downing street.

The four women charged with assaulting the judge were sentenced to terms of from one to two months at hard labor in the Asquith case, Miss Boyle and Mrs. Kerr were bound over to keep the peace and the proceedings against Misses Murray and Boyle were adjourned. The police took the precaution of depriving all women spectators of their baskets or parcels as they entered the court.

Lawyers for Thaw File New Petition

CONCORD, N. H., Nov. 17.—The amended petition for a writ of habeas corpus acting as a stay in the removal of Harry K. Thaw from New Hampshire to New York, was filed by Thaw's attorneys in the United States district court here today. The amendments to the original petition were necessitated by the indictment in New York county charging conspiracy to escape from the Matteawan asylum. A hearing on the amended petition of Thaw, and also on the petition of the state of New York for the dismissal of the habeas corpus proceedings will be given in the federal court here tomorrow.

Thaw asks that the writ issue on the ground that he is a citizen of Pennsylvania, that his commitment to Matteawan asylum was illegal, that the section of the New York criminal code under which he was committed conflicts with the fourteenth amendment, and that the petition for his extradition don't charge a crime. The petition further says that "the proceedings on the part of the special deputy attorney general of the state of New York establish bad faith and are convincing evidence of a purpose to obtain possession of Thaw, not for trial on the conspiracy indictment, but for recommitment to Matteawan."

CRITICISE ROAD'S CONDITION

Federal Engineer Fixes Fault for Maynard Wreck on Roadbed.

MANY OF TIES WERE ROTTEN

Rails Were Too Light in Finding in Connection with Rock Island Smashing—City is After Land.

(From a Staff Correspondent.)

DES MOINES, Ia., Nov. 17.—(Special Telegram)—The Iowa railway commission today made public a report of the special engineer of the Interstate Commerce commission on the wreck of a train at Maynard, Ia., September 1 last, about which there had been much controversy.

Previous unofficial investigations had partly exonerated the Rock Island Railroad company and placed the blame on the engineer. The investigation was made at the instance of the Iowa commission.

"This accident was caused by the bad condition of track and roadway," the report declares, "it not being sufficiently well maintained to permit the operation of trains with safety at the speed at which the train was running. Contributing materially to the accident was the heavy engine used on this train."

It is recommended that speed of trains be reduced until the track is put in better condition. It was found many ties were rotten and the rails on the whole division of the Rock Island to Des Moines very light. One person was killed in the accident.

Wants Title to River.

The city will ask the legislature for title to the old channel of the Racoon river when the new channel is opened to straighten the river to prevent overflow. A resolution to that effect was passed. Mayor Hanna, who introduced the resolution, says the city may make a park out of the channel and adjoining land, or it may hold it for dockage purposes should the navigation scheme of the Des Moines river ever be carried out.

Four Persons Are Nearly Asphyxiated in Mason City, Iowa

MASON CITY, Ia., Nov. 17.—(Special)—The fact that the little baby of Mr. and Mrs. John Woods was sick and a physician had to be called saved the lives of Mr. and Mrs. Raymond Fischer and their two children. Mrs. Fischer, about 2 o'clock in the morning went to the Fisher home to call a doctor. As she stepped on the porch she smelt gas. Repeated ringing and rapping failed to arouse the Fishers.

When she fell in this she went to another home and called the doctor and as soon as he arrived he administered briefly to the child and then rushed to the Fisher home. The door was broken down and there on the floor lay all four of the family apparently dead. How they got there is not known. The receiver of the telephone was down. The doctor went to work at resuscitation and it was some time before they showed much evidence of life. All probably will recover. The little baby of Mrs. Wood died soon after.

UNPROVOKED ASSAULT MADE UPON IOWA MAN

FORT DODGE, Ia., Nov. 17.—(Special Telegram)—Charles Donahoe, a prominent merchant of Clare, was attacked and beaten into an unrecognizable condition last night and now lies in Mercy hospital in precarious state. Occupants of a disabled automobile he endeavored to help when he met the party in the country disabled him.

Donahoe took the driver of the car and went to his home and back again, getting a rope to tow the auto to town. While he was adjusting it the men attacked him. Warrants are now out for John Cunningham, Walter Cameron and Charles Burke, alleged perpetrators of the assault. The countryside is greatly aroused as the attack is reported prompted by motives of revenge against Donahoe, who fined Cunningham \$3 for drunkenness and disorderly conduct when he was an official of Clare several years ago.

THIEVES STEAL GOLD BARS FROM EXPRESS PACKAGE

PARIS, Nov. 17.—Clever thieves succeeded in extracting ingots of gold valued at \$20,000 from a consignment of \$1,000,000 while it was on the way from Constantinople to Paris last week. Details of the robbery were made public today. The gold was sent by the Imperial Ottoman bank at Constantinople to the Ottoman bank in Paris. Forty ingots, iron bound and sealed. The cases when they reached their destination looked from the outside as though they had never been touched, but on being checked at the bank the \$20,000 was missing.

Each of the cases had been freshly sealed at each frontier it had crossed. The French police insist that the gold could not have been stolen on French territory.

Dictator Huerta to Abdicate Thursday IS LATEST REPORT

(Continued from Page One.)

Personal attitude of General Huerta might be unchanged, the circumstances on which the American government bases its conviction that Huerta's elimination is inevitable, have not changed at all. "The mills of the gods grind slowly," expresses the slow and steady purpose being pursued.

It was made plain at the White House that the preemptory resignation of Minister Aldape did not affect materially the American plan, as it was pointed out that no scheme that this government might have could very well depend on the permanency of any member of the Huerta cabinet.

The president made it plain that the changes in the situation, though they appeared kaleidoscopic in detail, had not impaired confidence here in the ultimate solution of the problem by peaceful means.

Official denial was made at the White House of a report that Pan-American mediation was contemplated and it was reiterated that no mediation of any kind had been offered to either faction. South American nations, it was stated, had been informed in the same way as European nations and have expressed in the main their desire to support the American policy. Brazil, in particular, in not having recognized the Huerta government previously, is regarded especially friendly to the American policy.

Secretary Bryan has ordered investigation of the executions at Juarez, but thus far has been unable to reconcile conflicting reports.

ELEVEN EXECUTED AT JUAREZ

Rebels Admit This Number, but it is Probably Too Low.

EL PASO, Tex., Nov. 17.—Eleven men are known to have been executed in Juarez since Francisco "Pancho" Villa and his rebel forces captured the city Saturday morning. The rebel officials admit the execution of that number. Americans who have frequented the city since its capture say that twenty-three have been executed.

The bodies of most of the victims are still unburied. More than twenty corpses, some of them of the men executed, some the bodies of victims of the battle, laid out all night in the rain in the Juarez cemetery because graves had not been completed for them.

The body of Colonel Enrique Portillo, executed Saturday, was brought to El Paso last night for interment here today. It was directed to its trousers and shoes by a rebel who was short on clothing, while it lay in the patio of the military barracks in Juarez Sunday. All rebels are badly in need of clothing and the distribution of captured federal uniforms made Sunday by Villa did not go around, so there has been a scramble among the rebel soldiers for the clothing of the men executed.

The known victims of the rebel executioners so far are: Colonel Enrique Portillo, Colonel Augustin Cortinas, Captain Jose Torres, Captain R. Benavides, Captain Ricardo Contreras, Civilian unidentified, said to be aide to Guillermo Porras, personal representative of General Huerta for the state of Chihuahua.

Jose Cordova, recent chief of secret service for Huerta in Juarez, Lieutenant Pablo Rios, Federal soldier who tried to escape at the cemetery while digging graves for dead comrades, knocked down with musket and executed while unconscious. Pablo Yavea, Juarez policeman. Unidentified civilian employed in Juarez custom house before the rebels captured it.

Only four men were executed Sunday. These were Captain Contreras, who was military instructor of the federal garrison in Juarez under the Huerta regime; Jose Cordova, who had been in charge of the Huerta secret service in Juarez; Pablo Yavea, a Juarez policeman who had assisted Cordova in his work, and the federal soldier grave digger. His ran and was overtaken by a rebel, who broke his rifle in the terrific blow which he struck. The feeling soldier fell unconscious and was then shot. An American railroad man was an eye witness to the affair.

General Francisco Castro, who commanded the federal garrison when the rebels attacked, has not been located. The rebels continued the work of establishing their new civil government in Juarez. They have given permission to the Mexican Northwestern railroad, owned by Dr. F. S. Pearson, and associates of New York and London, to re-

build to its timber tracts south of Juarez. Work probably will start this week.

General Villa said the rest of his army will arrive soon, bringing in all his artillery. Two trainloads arrived today. Villa declares that Chihuahua city will be attacked as soon as he can replenish his ammunition. Americans express fear of trouble if Villa mobilizes his entire army of 5,000 undisciplined men on the border.

HALE MEETS CARRANZA AGAIN

Definite Announcement as to Results Expected Soon.

NOGALLES, Sonora, Nov. 17.—Retaliation for the execution of constitutional prisoners put to death by Mexican federalists, was advanced today as a possible explanation of the action of General Villa at Juarez in ordering the execution of at least two federal prisoners yesterday. At General Carranza's headquarters it was denied that specific orders for the Juarez executions had been sent from here, but the same informant thought it possible that General Villa acted under the instructions given several months ago by General Carranza. That order, it was stated, had directed that no federal prisoner below the grade of captain be executed.

The negotiations between William Hayward Hale, unofficial agent of the Washington administration, and General Carranza were believed here today to have reached a crucial stage.

Both Mr. Hale and Francisco Escudero, minister of exterior relations in the Carranza cabinet, and with whom Hale conferred last night, intimated that the exchanges had been of the most friendly and satisfactory character. The last conference followed the receipt by Mr. Hale of a long message from Washington, the nature of which was not disclosed. Hale replied to this telegram at length at the conclusion of the conference.

AUSTIN, Tex., Nov. 17.—Threats to make Texas "answer to the whole Mexican people," unless mercy is shown Mexican ammunition smugglers arrested last September at Carrizo Springs, Tex., was telegraphed to Governor Colquhoun today by 17 Mexicans under San Marcos, Tex., date. There were fourteen Mexican smugglers, eleven of whom are still awaiting trial. The telegram reads in part:

"We will not stand by such barbarous state of things and will appeal to the Mexican nation if your state wants to murder men loyal to the liberty of oppressed people."

The governor replied, saying: "I desire to inform you that your threat is certainly a brazen one and if any violence should come to American citizens as a result of it, each of you will be held personally responsible under the law."

CHICAGO, Nov. 17.—The annual meeting of beet sugar manufacturers was held here today and new officers elected for 1914. One hundred millions, invested in beet sugar factories, according to reports, will be forced to find new employment within a year.
